## WHAT IS THE BENEFIT OF THE MULTI-ACCOUNT FEATURE?

The Multi-Account Feature allows you to consolidate all of your Silver Bullion Accounts under a single username and password, making it easier to manage your accounts as you don't need to remember and set up different user names, passwords, and two-factor authentication when logging into the Silver Bullion website.

This feature also allows you to consolidate all emails or notifications into a single email address.

If you already have 2 or more accounts and wish to consolidate them into a single username and password, you may follow this [ACCOUNT LINKING GUIDE](#).

## THE STEPS:

### Step 1

Log-in to your account and click on your **PROFILE** (top right corner of the page), then select **CREATE NEW ACCOUNT** under the User Settings column.

The screenshot shows the Silver Bullion user interface. At the top, the Silver Bullion logo and tagline 'Truly Secure Your Wealth' are on the left. On the right, there are links for 'Your Cart' (0 items), 'Inbox', and a user profile dropdown for 'joendoe Mr. John Doe'. The main content area is divided into three columns: 'ACCOUNT MENU' with links like 'Apply for a S.T.A.R. Storage account', 'Order History', 'Cash & P2P Balances', 'Account Details', and 'Secure Notifications'; 'STATUS' showing 'Tier 1' with 'points earned: 0' and 'Next tier at 3000 points'; and 'USER SETTINGS' with links for 'User Profile', 'Two Factor Authentication', 'Change Password', and 'Create New Account' (highlighted with a yellow box). Below the 'Create New Account' link is a 'LOG OUT' button. At the bottom, there is a banner image of a vault and a section titled 'Best P2P Loan Rates (p.a.)'.
